a few months ago, and have been
trying to drop you a line. My
spend time is mostly anything from
a few months to twelve years. I haven't
tried to Perth, and that you had a good

Perth to live in.

Well Wootenatty is still on
the map. Jack Fred and Serrare
still here and send you their kind

We managed to get the shearing
finished on the last Tuesday in
September, and I did not expect any
trouble at seeing the end of it. It was
a very long drawn out job, and the
blowflies were very bad, which made
a lot of work owing to the slow rate
of shearing.

Dear Aubrey.

I received your welcome letter of a few months ago, and have been intending to drop you a line. My correspondence is mostly anything from twelve months to twelve years behind. Glad that you had a good trip to Perth, and that you were having an enjoyable time meeting old friends. How do you like Perth to live in.

Well Woopanatty is still on the map. Jack Fred and Serry are still here and send you their kindest regards.

We managed to get the shearing finished on the last Tuesday in September, and I did not expect any more at seeing the end of it. It was a very long drawn out job, and the blowflies were very bad, which made a lot of work owing to the slow rate of shearing.

Dear Mother
I received your letter of a few minutes ago and was very glad to hear from you. I am well and hope this letter will find you the same. I have not much news to write at present but I thought I would write a few lines to let you know I am still in the land of the living. I have not much news to write at present but I thought I would write a few lines to let you know I am still in the land of the living. The seasonal prospects up here are very poor, we got no finish any off rain, and the crops are very poor. Paddy Brennan has a good crop on the fallow in E. J. but the rest of it is no good. Warden will not get two bags. The feed position is rather, and to top it off we had a thunder storm last week and it played havoc with what little feed there was. Our only chance now is a very early winter.

There was one bright spot in the dismal picture, the fleece wool was all in the last sale, and it brought a very good price 70¢ the tops. I don't know whether you saw it in the papers. I enclose list of prices from Halgity Review. The lower grade wool will be in the next sale. No wool around here sold anything like the Woorpenally wool, the price to it was 6 1/2¢.

I was down in Perth for a few days about a couple of weeks ago. Although I might have run into you there I had a letter from Fred Boddington a few weeks ago, he seems

to have settled down in his new home
 I have lost another neighbour, Norman
 Noble has gone. He leased his farm.
 He had a clearing sale and cleared up
 everything. His shop did not sell
 very well, ~~but~~ they were well known
 for their fence making quality.

We are on the same old grounds up
 here. have got the hay in. the cart
 for 'age' eyes are off road and will be
 trucked next Monday, and at the
 moment we are putting in a windmill
 on the new bar in Eawa. The bridge
 came today and started ~~not~~ rolling about
 150 acres up from the Arino Paddock
 Windmill.

Hope all your family are well.
 Must now ring off.

Yours sincerely
 R. Allwell

P.S. I enclose your Income Tax
 Stamp. Sheet
